

Minetec Communications Quality Policy

MINETEC
COMMUNICATIONS

QUALITY POLICY

Minetec Pty Ltd is a Company which actively assists Mining Companies with emerging business communication demands in challenging remote environments to achieve measurable, tangible benefits.

Our policy is to complete projects to the required quality, within allotted time and budget utilising safe working practices.

We are committed to working in a systematic and controlled manner in order to give Clients the assurance of quality in all our works.

We aim for greater efficiency in all our individual endeavours and for continuous improvement on our performance so as to remain successful in our business.

The continued support from all personnel, enthusiastically adopting and implementing the requirements of our Company Policies and Procedures, will ensure that the goals of the Company are realised in terms of quality performance.

Minetec Pty Ltd goals are to be the leader in our industry.

Greg Anderson

Managing Director
